C. THEOBALD, *Vocazione?!*, trans. D. Caldiroli, Nuovi saggi teologici 88 (Bologna: Dehoniane, 2011, paper €17.50) 168 pp. ISBN: 978-88-10-40600-7.

The Italian version of *Vous avez dit vocation?* (2010), this volume treats the theme of vocation in five chapters: "Speak, Lord, your servant is listening"; human vocation and Christian vocation; particular callings; discovering one's vocation today; and how a Christian community might come to know its calling. Theobald, professor of fundamental and dogmatic theology at the Centre Sèvres in Paris, defines vocation as a continually renewed source of energy that does not cease nurturing humanity and the church in the most profound ways.
