R. REGGI (ED.), *Μακκαβαίων α' και β'. Maccabei 1 e 2. Traduzione interlineare in italiano*, Bibbia — Traduzione interlineare italiana (Bologna: Dehoniane, 2013, paper €16) 172 pp. ISBN: 978-88-10-82096-4.

After Reggi's two-page guide to the edition, this volume presents the entire Greek text of 1 and 2 Maccabees according to the 1935 edition by A. Rahlfs, along with a literal interlinear Italian version and the running CEI version at the foot of the pages. It provides variant readings in the internal margins and section titles in the external margins of the main text, while biblical parallels are included in the margins of the CEI text.
